

ST 13-0035-GIL 07/31/2013 SERVICE OCCUPATION TAX

The Service Occupation Tax is a tax imposed upon servicemen engaged in the business of making sales of service in this State, based on the tangible personal property transferred incident to sales of service. See 86 Ill. Adm. Code Part 140. (This is a GIL.)

July 31, 2013

Dear:

This letter is in response to your letter dated May 28, 2013, in which you request information. The Department issues two types of letter rulings. Private Letter Rulings ("PLRs") are issued by the Department in response to specific taxpayer inquiries concerning the application of a tax statute or rule to a particular fact situation. A PLR is binding on the Department, but only as to the taxpayer who is the subject of the request for ruling and only to the extent the facts recited in the PLR are correct and complete. Persons seeking PLRs must comply with the procedures for PLRs found in the Department's regulations at 2 Ill. Adm. Code 1200.110. The purpose of a General Information Letter ("GIL") is to direct taxpayers to Department regulations or other sources of information regarding the topic about which they have inquired. A GIL is not a statement of Department policy and is not binding on the Department. See 2 Ill. Adm. Code 1200.120. You may access our website at [www.tax.illinois.gov](http://www.tax.illinois.gov) to review regulations, letter rulings and other types of information relevant to your inquiry.

The nature of your inquiry and the information you have provided require that we respond with a GIL. In your letter you have stated and made inquiry as follows:

We have a client that is considering doing business in the state of Illinois. They have requested that our firm get legal opinion letters as to the applicability of sales and use tax to the transactions they would perform in Illinois.

Attached please find a detailed description of those transactions.

If you have any questions or need any additional information, please do not hesitate to contact me.

Your attachment reads as follows:

**Description of IT Work Performed within: Illinois, STATE1, STATE2 and STATE3**

**Work Environment**

Enclosed data center facilities.

**Work Tasks**

- Installation of fiber optic and copper cable between data center equipment cabinets and or equipment racks. Cables will be installed below raised floor systems and in cable tray and ladder rack cable pathway systems placed above equipment cabinets and equipment racks.

- Termination of installed cabling on rack and cabinet mounted cable termination devices such as patch panels and fiber optic termination enclosures.
- Installation of equipment cabinet and or equipment rack mounted vertical and horizontal cable management devices.
- Installation of copper and fiber optic patch cords between rack and or cabinet mounted electronics and rack or cabinet mounted cable termination devices.
- Performance testing of installed fiber optic and copper cabling.
- Labeling and documentation of installed cabling and associated components
- Auditing, counting and inventorying of IT infrastructure components within data center environments.

#### **DEPARTMENT'S RESPONSE:**

The Illinois Retailers' Occupation Tax Act imposes a tax upon persons engaged in this State in the business of selling tangible personal property to purchasers for use or consumption. See 86 Ill. Adm. Code 130.101. In Illinois, Use Tax is imposed on the privilege of using, in this State, any kind of tangible personal property that is purchased anywhere at retail from a retailer. See 86 Ill. Adm. Code 150.101. These taxes comprise what is commonly known as "sales" tax in Illinois.

Illinois Retailers' Occupation and Use Taxes do not apply to sales of service that do not involve the transfer of tangible personal property to customers. However, if tangible personal property is transferred incident to sales of service, this will result in either Service Occupation Tax liability or Use Tax liability for the servicemen depending upon his activities. For your general information see of 86 Ill. Adm. Code 140.101 through 140.109 regarding sales of service and Service Occupation Tax.

Under the Service Occupation Tax Act, businesses providing services (*i.e.* servicemen) are taxed on tangible personal property transferred as an incident to sales of service. See 86 Ill. Adm. Code 140.101. The purchase of tangible personal property that is transferred to the service customer may result in either Service Occupation Tax liability or Use Tax liability for the servicemen depending upon his activities. The serviceman's liability may be calculated in one of four ways: (1) separately stated selling price of tangible personal property transferred incident to service; (2) 50% of the serviceman's entire bill; (3) Service Occupation Tax on the serviceman's cost price if the serviceman is a registered de minimis serviceman; or (4) Use Tax on the serviceman's cost price if the serviceman is a de minimis serviceman and is not otherwise required to be registered under Section 2a of the Retailers' Occupation Tax Act.

Using the first method, servicemen may separately state the selling price of each item transferred as a result of the sale of service. The tax is then calculated on the separately-stated selling price of the tangible personal property transferred. If the servicemen do not separately state the selling price of the tangible personal property transferred, they must use 50% of the entire bill to the service customer as the tax base. Both of the above methods provide that in no event may the tax base be less than the servicemen's cost price of the tangible personal property transferred. See 86 Ill. Adm. Code 140.106.

The third way servicemen may account for their tax liability only applies to de minimis servicemen who have either chosen to be registered or are required to be registered because they incur Retailers' Occupation Tax liability with respect to a portion of their business. See 86 Ill. Adm. Code 140.109. Servicemen may qualify as de minimis if they determine that the annual aggregate cost price of tangible personal property transferred as an incident of the sale of service is less than 35% of the total annual gross receipts from service transactions (75% in the case of pharmacists and persons engaged in graphics arts production). Servicemen no longer have the option of determining whether they are de minimis using a transaction by transaction basis. Registered de minimis servicemen are authorized to pay Service Occupation Tax (which includes local taxes) based upon their cost price of tangible personal property transferred incident to the sale of service. Such servicemen should give suppliers resale certificates and remit Service Occupation Tax using the Service Occupation Tax rates for their locations. Such servicemen also collect a corresponding amount of Service Use Tax from their customers, absent an exemption.

The final method of determining tax liability may be used by de minimis servicemen that are not otherwise required to be registered under Section 2a of the Retailers' Occupation Tax Act. Servicemen may qualify as de minimis if they determine that the annual aggregate cost price of tangible personal property transferred as an incident of sales of service is less than 35% of the servicemen's annual gross receipts from service transactions (75% in the case of pharmacists and persons engaged in graphic arts production). Such de minimis servicemen handle their tax liability by paying Use Tax to their suppliers. If their suppliers are not registered to collect and remit tax, the servicemen must register, self-assess and remit Use Tax to the Department. The servicemen are considered to be the end-users of the tangible personal property transferred incident to service. Consequently, they are not authorized to collect a "tax" from the service customers. See 86 Ill. Adm. Code 140.108.

When a primary serviceman subcontracts work to a secondary serviceman, a multi-service situation may exist. See 86 Ill. Adm. Code 140.301(a).

I hope this information is helpful. If you require additional information, please visit our website at [www.tax.illinois.gov](http://www.tax.illinois.gov) or contact the Department's Taxpayer Information Division at (217) 782-3336.

Very truly yours,

Richard S. Wolters  
Associate Counsel
