General information

The Illinois Department of Revenue’s (IDOR) education program provides instruction in areas where the Department has a direct involvement in the assessment process. Most of these courses focus on using the information in the Department’s appraisal publications. Other courses deal with basic mapping for assessors, the complete property tax cycle, math calculations used in the assessing profession, the Department’s procedures for developing equalization factors, and conducting a sales ratio study and its use in reassessments.

Anyone may participate in these classes, all of which are free.

Most classes are held in Springfield. Class dates and locations can be found on the course listing on our website at tax.illinois.gov.

Most classes are two-and-one-half day courses with the exam held on the morning of the third day.

General information

The Property Tax Education program provides assessing officials the framework and direction necessary to personalize their continuing education. Several changes have been made effective January 1, 2016, to provide assessors with more options when selecting courses.

Changes for 2016

Beginning January 1, 2016, there are no longer hour restrictions on course levels and categories. Assessing officials are allowed to take an approved class for IDOR credit provided that they have not taken the class within the past 10 years.

We recognize that over time, assessment techniques and methodologies may change. To provide assessing officials the opportunity to stay current with assessment practices, courses may now be repeated for IDOR credit one time every 10 years.

We will allow Continuing Education Instructor credit for courses where the instructor was the sole instructor of the class one time every four-year CIAO cycle period. Instructor credit may be used to meet pre-appointment / pre-election education requirements. However, instructor credit may not be used towards the education stipend. Developer credit will no longer be given.

The course must be of adequate substance to warrant approval for continuing education. The Department reserves the right to reevaluate approved courses.

To request course approval for courses that have been taken and not already approved by the Department previously, please submit Form PTAX-1099, Outside Course Approval Form, along with the attachments indicated on the form. The Department reserves the right to request additional information before a submitted course may be approved.

Course developers or providers should contact the Assessment Education Unit at 217 785-6636 or by e-mail at rev.proptaxed@illinois.gov for more information concerning course approvals.

It is the individual’s responsibility to provide the Department with documentation to verify successful completion of any course not offered by the IPAi or Illinois Department of Revenue.
